Semester II 2023/2024

Subject : Programming Technique II (SECJ1023)
Section : 02 and 06
Task : Group Project Deliverable 1 (Project Proposal)
Due : Check e-learning

Overview

This is the first deliverable for the group project in which you will be preparing your project idea. Read this document along with the document about project specification.

Requirements

This deliverable is to be conducted in a presentation. Prepare your presentation in presentation slides. The content of the presentation should include two items:

- a. The project idea:
 - Project title
 - Synopsis and the general idea about the project
 - Expected output for the project

- b. Project Storyboards.

Storyboarding is a technique to showcase the user experience in using a product in a form of comic book illustration.

Use any illustration or drawing tools such as PowerPoint or word (using the drawing tools), whimsical – a UI/UX tool, etc., to prepare the drawings. Alternatively, you may also hand-sketch them.
